AFTAB PUREVAL
COMMON PLEAS COURTS

Redress for Hudud & Qisas

Count One

1. Freedom of Religion, Press & Expression was prohibited. I couldn't assemble peacefully in my places of worship without informants and provocateurs causing discord, dissension and corruption. I was defamed to the press and amongst the non press. I was prevented from fully expressing my freedom of speech on many social media platforms.

Count Two

2. Right to Bear Arms. My right to acquire a weapon(long rifle or hand gun) and a concealed carry license was infringed upon.

Count Three

3. Search & Seizure. I was not secure in my apartment when I was there nor when I wasn't there. Intellectual property was seized and analyzed. My medical records were unlawfully seized and manipulated for devious purposes. The warrant issued could not have been declared without the issuer and those who signed off on it committed treason. The defendant's probable cause was instigated/forged/planned aka set up to falsely prove a narrative that they had incited. Speculation avails naught, conjecture avails naught and assumptions avail naught.

Count Four

4. Right to a Speedy Trial, Confrontation of witness. I was not informed of the nature and cause of the accusation. When I requested to be informed I was not informed in a timely manner.

Count Five

5. Trial and Punishment, Compensation for Takings. I was being compelled to commit a heinous act in which I would be labelled as a felonious criminal then therefore would have been barred from even obtaining a license to carry along with other punishments that would have suited the defendant's presentiments. My private apartment unit under the management of Excel Property Development Inc. was used for throwing parties that I did not condone nor approve of. The defendants had a felonious malicious intent to deprive me totally of my life, liberty and clearly of my property. The FISA court is not a Grand Jury. The Federal Government only consists of three branches respectively known as the judicial, legislative and executive. These branches do not list any federal agency as being a part of the government. The treasury does not cut these agencies a salary in order to run operations, although Members of the actual government sit on boards & committees of these agencies but by doing so they have committed treason against the constitution that they were supposed to uphold. My wages were being garnished via a manipulated FSS result. The enumeration of adding another court disparaged the rights of the people and by doing so was treason; the punishment for treason for all those involved is the death penalty and should strongly be upheld no matter what class of society or family lineages the culprits come from.

Count Six

6. Powers of the States and People. Any delegation to the U.S. that is not in cahoots to the constitution is treason.

Count Seven

7. Slavery Abolished. (sex slaves/comfort women)

Count Eight

State Law prohibits intercepting wire, oral, or electronic communications unless the wiretapping falls within an exception of the statute (e.g., obtaining a constitutional warrant, the consent of the parties or in the ordinary course of business). Violation in Ohio constitutes a fourth degree felony. "Failure to Disclose" on behalf of the telecom brands used.

Wherefore, Plaintiff prays for judgement against the defendants F.B.I., D.H.S., C.I.A. & N.S.A as follows:

On all counts 40 Billion USD from each agency. A lump sum payment by each agency who partook in the transgressions. With an accrued interest of 10% USD from each agency per annum.
